

POWDERLY IN NEW YORK.

The Commissioner Inspecting His Department Work.

New York, March 9.—T. V. Powderly, Commissioner General of Immigration made an unexpected visit to the Barge Office today; he informed Commissioner Fitchie, who was somewhat astonished that he had come to get information about the work of the department at this port. He was assigned a room, where he sat alone, and sent a notification to the employees that each one would be required to appear before him for examination.

"I am here," Mr. Powderly said, "to find out from the members of my department what is being done by the other departments. I am going to talk with them all. The tide of immigration is beginning to set in and I fear we shall be hampered for space. The Narragansett, which is used to quarter the immigrants at Ellis Island, will be too small and I find that the boats coming over from Japan are not as many as I expected. Something must be done, and one of the things I am here to see about is whether we shall have to enlarge our present quarters, hire a building, or make other arrangements on the island. I will talk with every one employed here, no matter how long it takes."

It is said that a steamship ticket agent has complained to the Commissioner that immigrants have been forced to buy tickets from the "railway pool." This will be investigated at any rate. The matter of salaried men will also be looked into. Meanwhile the Barge Office employees are in great excitement.

Bow, E. Edwards, Pastor of the English Baptist Church at Louisville, Ky., when suffering with cholecystitis, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It relieved my pain and helped me to sleep. Should any sufferer profit by giving Pain Balm a trial it will please me." Testimony to this effect is given by Henry Evans, Wholesale and Retail Druggist, 998 F Street Northwest, Louisville and S. Street Northwest, and 1428 Maryland Avenue northeast.

HELP WANTED—FEMALE.
